

WHAT AM I?

I am not venomous.
I kill my food with
my strong body
muscles and squeeze
tightly.

I LIKE TO EAT

I have a forked tongue.
I can pick up smells
with my tongue and
taste them.

I don't have eyelids.
My eyes stay open all the
time. To protect my eyes
I have a scale over them.
I call it a spectacle!

The pattern all over my body
helps me to hide up in trees and
shrubs.
I call this camouflage!
